

Useful links to cyber security information

(as of April 2015)

Key Links

- **10 Steps** http://www.gchq.gov.uk/press_and_media/news_and_features/Pages/Relaunch-10-Steps-to-Cyber-Security.aspx (includes a Cyber Attack report)
- **On line self-assessment - Cyber Essentials**
<https://www.cyberstreetwise.com/cyberessentials/>
- **The MOOC (Massive Open Online Course)**
“Introduction to Cyber Security” – a **free**, 8 week online course from the Open University launched to raise awareness and boost cyber security skills. You can find out more and register for the course here: www.futurelearn.com/courses/introduction-to-cyber-security
(This could be a useful course for you to consider for your staff and possibly your supply chains)
- **CiSP (Cyber Security Information Sharing Partnership)** is a joint industry government initiative to share cyber threat and vulnerability information to increase overall situational awareness of the cyber threat and so reduce the impact on UK business)
<https://www.cert.gov.uk/cisp/>

Where to report Fraud and Internet Crime

- **Action Fraud is the UK’s national fraud and internet crime reporting centre, providing a centre point of contact for information about fraud and financially motivated internet crime** www.actionfraud.police.uk
- **Local reporting of non-emergency and non-cybercrime – Gloucestershire:**
<https://www.gloucestershire.police.uk/contact-us/report-a-crime/>
- **Gloucestershire Constabulary Safer Cyber Twitter feed:**
<https://twitter.com/GlosSaferCyber>
